Chris

Elliot referred to another drug called Sodium thioental. We have to research that one.

Chris

Yes, we would appreciate the working together through the US company. Please provide the information.

Thanks

Hi Randy,

Just wanted to know if there is any update regarding your order. I can understand your concern for importing. However this problem is being solved. There is a company in the USA who can import these products legally and supply to you. Other states are doing the same. I am selling to the company in US and you would be buying directly from them. They have all the DEA licenses to import these kinds of products and distribute it in the US. If you are interested I can pass the info on to you and we can work together through this company.

Regards,
Chris Harris
CEO
Harris Pharma LLP.
